PLEASE READ AND KEEP FOR FUTURE REFERENCE.

## COMPONENTS

**A Chair Back**  
1X

**B Chair Base**  
1X

**C Left Wing**  
1X

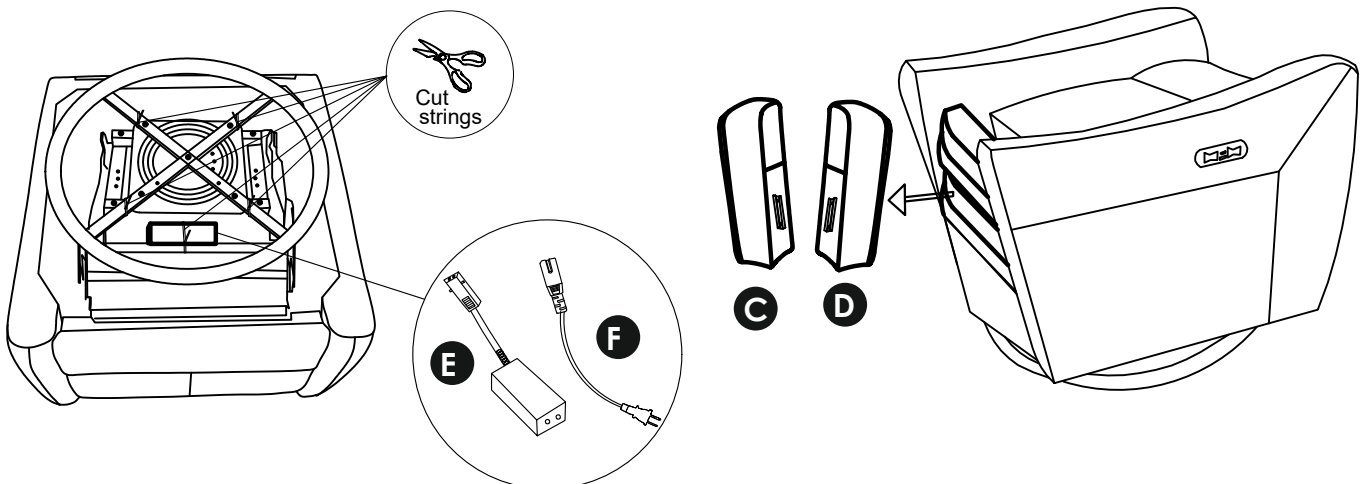

**D Right Wing**  
1X

**E Transformer**  
1X

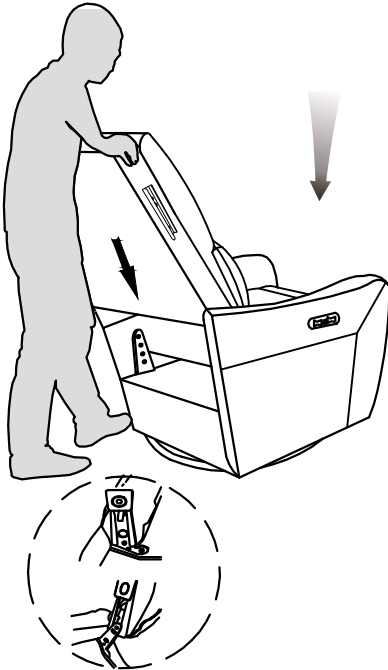

**F Power Cord Plug**  
1X

### Before you begin:

Please cut off the straps before assembling. Locate the power cord box under the metal frame of the chair and the Left - Right wings behind the seat cushion of the chair.

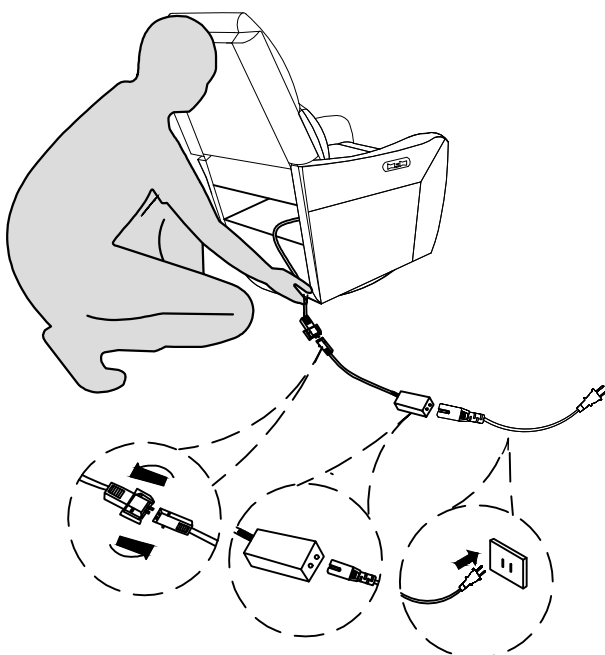

- 1 Slide the back into the metallic quick connectors of the base. Push down the back firmly until each side is locked into place and an audible "click" is heard.

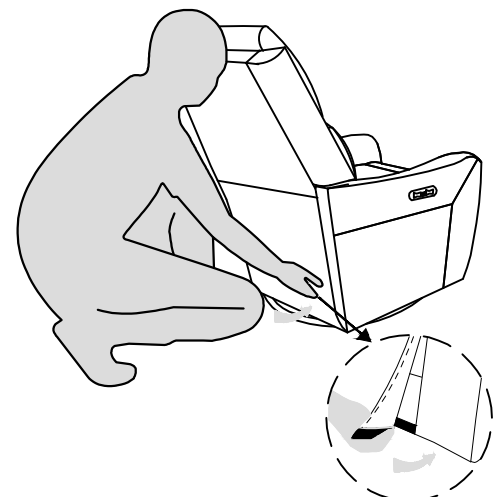

- 2 To the chair back, attach the left and right wings labeled with "C" / "D".

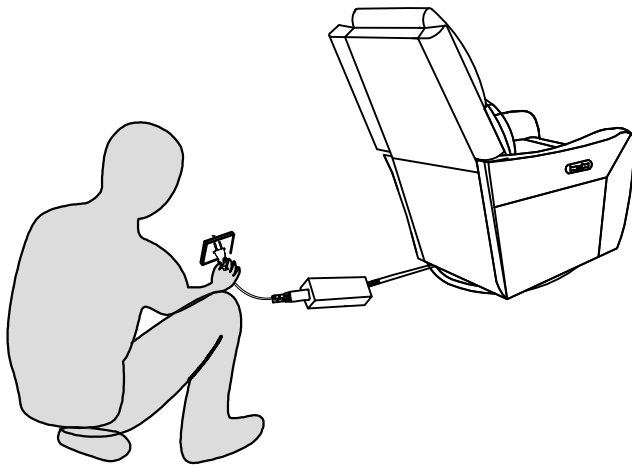

- 3 First, plug the Power cord of the Chair base (B) into the transformer (E). Then, connect the Transformer (E) to the Power Cord Plug (F).

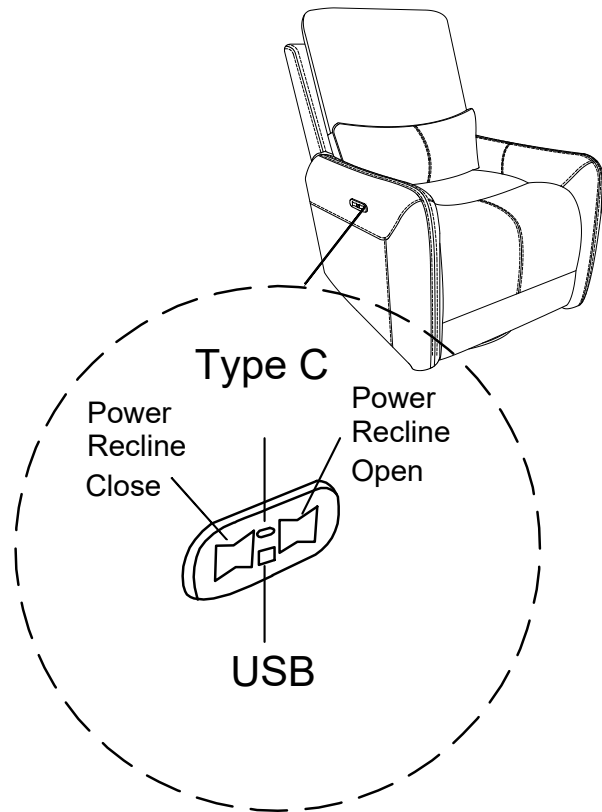

- 4 Attach the back cover to the bottom of the seat with Velcro.

- 5** Plug the other end of power cord into the power outlet.  
NOTE: The power outlet shall be installed near the equipment and shall be easily accessible.

- 6** Assembly complete, it's ready to use.

## How to operate
